## BUILT UP HER HEALTH | NORTHWEST NOTES SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago, She writes:

Dear Mrs. Pinkham:—
"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months. of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration. can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to writeher for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

A Good Record.

Out of all the external remedies on the market we doubt if there is one that has the record of that worldrenowned porous plaster-Allcock's. It has now been in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and aches. It is the remedy we all need when suffering from any ache or pain resulting from taking cold or overstrain.

Allcock's Plasters are sold by Druggists all over the world.

Artificial Silk the Latest. In Gothenburg, Sweden, or at some place in its neighborhood, will soon be built a large factory for the manufacture of artificial silk for export. A company has receitly been organized there with a capital not to be less than \$160,800 and not to exceed \$482,-400, with the purpose of building a factory and exploiting an invention made by Engineer R. W. Strehlenert, of Djursholm, Sweden, for the manufacture of vegetable silk. Excluding experiments, this industry is new in Sweden, and it is claimed that the silk manufactured from nitro-cellulose by Mr. Strehlenert's method has just as fine an appearance and is just as even stronger. It is further stated that the silk has been tested or tried in Swedish or German cloth factories and that very favorable reports have been received about it.-Consular Re-

## NERVOUS COLLAPSE

Sinking Spells, Headaches and Rheumatism all Yield to Dr. Williams' Pink Pills.

Mrs. Lizzie Williams, of No. 416 Cedar street, Quincy, Ill., says: "Ever since I had nervous prostration, about thirteen years ago, I have had periodical spells of complete exhaustion. The doctor said my nerves were shattered. Any excitement or unusual activity would throw me into a state of lifelessness. At the beginning my strength would come back in a moderate time after each attack, but the period of weakness kept lengthening until at last I would lie helpless as many as three hours at a stretch. I had dizzy feelings, palpitation of the heart, misery after eating, hot finshes, nervous headaches, rheumatic pains in the back and hips. The doctor did me so little good that I gave up his treatment, and really feared that my case was incurable

When I began taking Dr. Williams' Pink Pilis my appetite grew keen, my food no longer distressed me, my nerves were quieted to a degree that I had not experienced for years and my strength returned. The fainting spells left me entirely after I had used the third box of the pills, and my friends say that I am looking better than I have ne for the past fifteen years."

Dr. Williams' Pink Pills are recommended for diseases that come from impoverished blood such as anamia, rhen-matism, debility and disorders of the nerves such as neuralgia, nervous pros-tration and partial paralysis. They have cured the most stubborn indigestion. Dr. Williams' Pink Pills agree with the most delicate stomach, quiet all nervousness, stir up every organ to do ita proper work and give strength that lasts. Sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. by the Dr. Williams Medicine Co., Schenectady, N. Y.

BIRDS THAT ENJOY DANCING Have Regular "Ball Rooms" for Their Gyrataione.

Dancing is by no means confined to quadrupeds; it is the principal play

Perhaps the finest of bird dancers is the South American cock o' the rock. These birds have regular dancing places, level spots which they keep clear of sticks and stones.

A dozen or more of the bird dancers assemble around this spot, and then a cock bird, his scarlet crest erect, steps into the center. Spreading his wings and tail, he begins to dance, at first with slow and stately steps, then gradually more and more rapidly until he is spinning like a mad thing. At last, tired out, he sinks down, hops out of the ring and another takes his place.

Some of the quail tribe are great dancers, and so are the American sand hill cranes. It is a most ludicrous sight to watch a crane dancing; he is so desperately solemn over the whole performance. He looks like a shy young man who has just learned to waltz and is rather ashamed of the accomplishment.

## SAYS ROPES ARE READY FOR FRISCO MISCREANTS

President Wheeler of California University Says People Will Stand Behind Heney, Even if Bloodshed Results.

Los Angeles.-"If we have many more bad men in San Francisco we may have to get rid of some of them by means of the scaffold!" exclaimed President Benjamin Ide Wheeler of the University of California in an address here before the pupils of the Los Angeles High school.

Continuing in reference to this subject in a personal discussion, following his address, President Wheeler is quoted as giving utterance to these words "Perhaps outsiders do not realize

how desperate and bold the conspirators have become. Nearly all selfrespecting men in the city are behind Heney, yet he may be overwhelmed. Those who are opposed to him are vindictive, desperate, and no one knows how strong. A coterie of men, myself included, supplied him with what money he needs to push the investigation. People who have taken an interest in politics are being driven to it by the recent outbreak, the like of which has not been seen since the days of the last vigilance committee. Ruef's bold grab at the district attorney's office is a practical admission of guilt. Men, women and children in all the bay cities are hotly against him. Public feeling is wrought to such a pitch that, should violence be done any of the reform chiefs, I do not be lieve public indignation would stop short of death of the perpetrators. Heney is a brave man. He well knows every time he walks into the court room he takes his life in his hands. We stand by him."

They had been at the hotel where the trag edy occurred since early Saturday Whether or not the tragedy was the result of a pact between the man and he woman to die together, has not been determined, but the circumstances seem to show that the young woman had agreed to die with her companion. Hampton, who was about 60 years old, leaves a wife and two children. Miss Taczhow was 29 years of age, and lived with her father and invalid mother.

DARING RUSSIAN ROBBERS. Highwaymen Take \$193,000 of Customs

St Petersburg.-A daring robbery was committed at about noon Saturday in the center of this city, by which time, and when I a number of highwaymen got away with \$193,000 from a wagon which was conveying the cash from the cirtoms department to the state treasury Two bombs were-thrown in quick suc cession at the vehicle as if was passing a corner near the Ekaterinsk canal, close to a branch of the treasury, after which a rich was made for the wagon by a number of armed men who, after exchanging a hot fire with the gendarmes escorting it, managed to secure the booty and fled across a small footbridge spanning the terinsk canal, but leaving five of their number in the hands of the police.

Columbus, O .- Attorney General El-Hs was defeated in his fight against the oil trust in a decision handed down by Judge Dillon, in the common pleas court. The Manhattan Oil company was sued by the attorney general for fines amounting to \$270,000, this method being taken instead of trying to oust the campan from the state. Jerome is investigating.

New York .- Much secrecy surrounds the investigation now being conducted by the district attorney's office with a view to determining if the coercion charges against the Mutual Life Insurance company warrant immediate presentation to the grand jury. John Stuart Mill.

James Mill, his father, was a hard man, a clever man, and a crank-a hedonist capable of making himself thoroughly disagreeable about the greatest happiness of the greatest number; a theorist who regarded his clever son as a suitable object for educational experiments.

He would not send him to school because schools were the fortresses of "prejudice," and taught the wrong things in the wrong way. He provided him with no playmates, and allowed him no holidays, lest "the habit of work should be broken."-Francis Gribble, in Fortnightly Review.

SAVED BABY LYON'S LIFE.

Awful Sight from That Dreadful Complaint, Infantile Eczema-Mother Praises Cuticura Remedies.

"Our baby had that dreadful complaint, infantile Eczema, which afflicted him for several months, commence ing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him re lief. We finally procured a full set of the Cuticura Remedies, and in about three or four days he began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered. Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld, prior to the treatment of the Cuticura Remedies Mrs. Maebelle Lyon, 1826 Appleton Ave., Parsons, Kan., July 18, 1905."

DRIVEN TO GET RELIGION.

Reason for Close-Fisted Man's Attendance at Church.

A New Hampshire man tells of a tight-fisted man of affairs in a town of that state, who until recently had never been observed to take an interest in church matters. Suddenly, however, he became a regular attendant at Divine service, greatly to the astonishment of his fellow towns-

men. "What do you think of the case of old Ketchum?" said one of the business men of the place to a friend. "Is

it true that he has got religion?" "Well, hardly," replied the other, with the air of one who knows. "The fact is, it's entirely a matter of business with him. I am in a position to know that about a year ago he loaned the pastor \$50, which the latter was unable to pay. So there remained nothing for Ketchum but to take it. out in pew rent."-The Sunday Maga-
